SOLICITATION OF PROXIES

This information circular is furnished in connection with the solicitation by the management of Exco Technologies Limited (the "Corporation") of proxies to be used at the annual and special meeting of shareholders of the Corporation to be held on Wednesday, January 27, 1999, at 4:30 p.m., and at all adjournments thereof, for the purposes set forth in the accompanying notice of meeting. It is expected that the solicitation will be made primarily by mail but proxies may also be solicited personally or by telephone by regular employees of the Corporation. The cost of solicitation will be borne by the Corporation.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying form of proxy are directors of the Corporation. **A shareholder has the right to appoint a person to represent him/her at the meeting other than the persons designated in the accompanying form of proxy.** Such right may be exercised by inserting in the space provided the name of the other person the shareholder wishes to appoint. Such other person need not be a shareholder of the Corporation.

To be valid, proxies must be deposited with The CIBC Mellon Trust Company, 320 Bay Street, P.O. Box 1, Toronto, Ontario, M5H 4A6, not later than the close of business (Toronto time) on January 26, 1999.

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote shall not already have been cast pursuant to the authority conferred by such proxy and may do so (1) by completing and signing a proxy bearing a later date and depositing it as aforesaid (2) by depositing an instrument in writing executed by him or by his attorney authorized in writing (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or (ii) with the chairman of such meeting on the day of the meeting or any adjournment thereof; or (3) in any other manner permitted by law.

VOTING OF PROXIES

The shares represented by the accompanying form of proxy will be voted or withheld from voting in accordance with the specifications of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **If no specification has been made with respect to any such matter, such shares will be voted by the management representatives in the election of directors and in the appointment of auditors and the determination of their remuneration and will be voted for the special resolutions set out in Schedule "A" and "B" to this circular authorizing amendments to the Corporation's stock option plan, as described in this circular.**

The accompanying form of proxy confers discretionary authority upon the management representatives named therein with respect to amendments or variations to matters identified in the notice of meeting and other matters which may properly come before the meeting. At the date of this information circular, the management of the Corporation knows of no such amendments, variations or other matters. If matters which are not known at the date hereof should properly come before the meeting, the form of proxy will be voted on such matters in accordance with the best judgment of the person voting it.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

As of the date hereof, the Corporation has outstanding 19,493,766 common shares. Each common share ("Common Share") entitles the holder of record, as of the close of business on December 18, 1998, the record date established for notice of the meeting, to one vote on all matters to come before the meeting, or any adjournment thereof, except to the extent that a person has transferred any such shares after that date and the transferee of such shares (i) establishes that he owns such shares and (ii) makes a written demand to be added to the shareholders' list, both at least 10 days before the date of the meeting, to the Secretary of the Corporation at the Corporation's registered office, in which case the transferee will be entitled to vote such shares.

Corporations owned or controlled by Brian A. Robbins and/or Trusts of which the beneficiaries are Brian A. Robbins, his wife and children beneficially own 4,250,273 Common Shares. Brian A. Robbins also beneficially owns an additional 215,127 Common Shares which together with the Common Shares referred to in the immediately preceding sentence represent approximately 23% of the issued and outstanding Common Shares. To the knowledge of the directors or officers of the Corporation, no other person beneficially owns, or exercises control or direction over more than 10% of the outstanding Common Shares.

ELECTION OF DIRECTORS

The articles of the Corporation provide for a minimum of 3 and a maximum of 15 directors. By resolution of the shareholders of the Corporation dated July 22, 1998, the number of directors was set at six and the Board of Directors was empowered to determine the number of directors from time to time. The number of directors to be elected at this meeting is 6.

The persons named in the enclosed form of proxy intend to vote for the election of the nominees whose names are set forth below. Management does not contemplate that any of the nominees will be unable to serve as a director but, if that should occur for any reason prior to the meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion. Each director elected will hold office until the next annual meeting or until his successor is elected or appointed, unless his office is earlier vacated.

The following summary sets forth the names of all persons proposed to be nominated for election as directors, all other major positions and offices with the Corporation now held by them, their principal occupations or employments, their periods of service as directors of the Corporation or its predecessor corporation, Extrusion Machine Co. Limited, where applicable, and the number of common shares of the Corporation beneficially owned, directly or indirectly, or over which control or direction is exercised by each of them, as of December 4, 1998.

AMENDMENTS TO STOCK OPTION PLAN

Description of Stock Option Plan

On October 21, 1992, the Corporation established a stock option plan (the "Plan") for directors, officers and key employees of the Corporation and its affiliates to be administered by the board of directors. The Plan was amended effective April 26, 1995. The maximum number of common shares which may be issued upon exercise of options granted under the Plan is 1,770,300 (after giving effect to the Corporation's three-for-two stock dividend of February 9, 1998), subject to adjustment in certain circumstances. Options may be granted from time to time by the board of directors of the Corporation at an exercise price to be determined by the board of directors, which in all cases shall not be less than the minimum price permitted by The Toronto Stock Exchange and any other exchange on which the shares may be listed.

The Board of Directors grants options under the Plan to eligible persons. The basis of awarding stock options is outlined under the heading 'Report on Executive Compensation'.

Proposed Amendment - Increasing the Number of Shares Available Under the Plan

The Corporation wishes to amend the Plan as specified in the resolution set out in Schedule "A" attached hereto to provide that the maximum number of common shares that may be issued under the plan is 2,300,000, which is approximately 11.8 per cent of the number of common shares currently outstanding.

This amendment to the Plan has been approved by the Toronto Stock Exchange subject to the approval of shareholders of the Corporation. The resolution relating to this amendment is attached as Schedule "A" and must be approved by a majority of the votes cast on the resolution. Shares beneficially owned by directors and senior officers of the Corporation and their associates may not be voted on the resolution. To the Corporation's knowledge, as of December 4, 1998, 7,465,182 common shares were held by such persons.

Proposed Amendment - Stock Appreciation Rights

At the time the Plan was established it did not provide for the issuance of stock appreciation rights. A stock appreciation right is the right to surrender to the Corporation all or a portion of an option in the exchange for an amount in cash equal to the excess, if any, of the fair market value of the shares represented by the option over the aggregate exercise price of the option. However, the board has concluded that the ability to issue stock appreciation rights can be an important element in designing appropriate compensation packages for the Corporation's management and, accordingly, has approved amendments to the Plan to permit the issuance of stock appreciation rights in connection with the grant of any option for shares.

This amendment to the Plan has been approved by The Toronto Stock Exchange subject to the approval of shareholders of the Corporation. The resolution relating to this amendment to the Plan is attached as Schedule B and must be approved by a majority of the votes cast on the resolution. Shares beneficially owned by directors and senior officers of the Corporation and their associates may not be voted on on this resolution. To the Corporation's knowledge, as of December 4, 1998, 7,465,182 common shares were held by such persons.

Composition of Compensation Committee

The Committee consists of four directors, one of whom is an officer of the Corporation, namely the Chairman, Arthur A. Kennedy, and three of whom are outside directors, W. Scott Brown, Helmut Hofmann and Richard D. McGraw. To assist it in achieving its goals, the Committee calls on the assistance of compensation consultants from time to time.

Report on Executive Compensation

The Compensation Committee is responsible for recommending, for approval by the Board of Directors, the remuneration package of the senior officers of the Company.

The remuneration of the senior officers of the Company consists of three components: base salary, the annual bonus incentive program and a long-term incentive program which, to date, has been in the form of a stock option plan.

The Company pays base salaries that are competitive with salaries paid for similar positions within the North American marketplace.

The annual bonus incentive program is a program designed to compensate the Named Executive Officers for the financial performance of the operations for which they are responsible. Accordingly, the annual bonus payable is based upon a percentage of the pre-tax profit of the relevant operation(s).

Stock options align the interests of the senior officers of the Company with the shareholders since the options have no value to the senior officers unless the price of the Company's stock increases. Stock options are awarded based on both the performance of the individuals awarded such options and can also be "purchased" in lieu of receiving a portion of an annual cash bonus earned in a year. Stock options acquired in lieu of annual bonuses may be converted into stock appreciation rights at the option of the employee on date of exercise.

The remuneration of the chief executive officer is on the same basis as the other senior officers of the Company as described above.

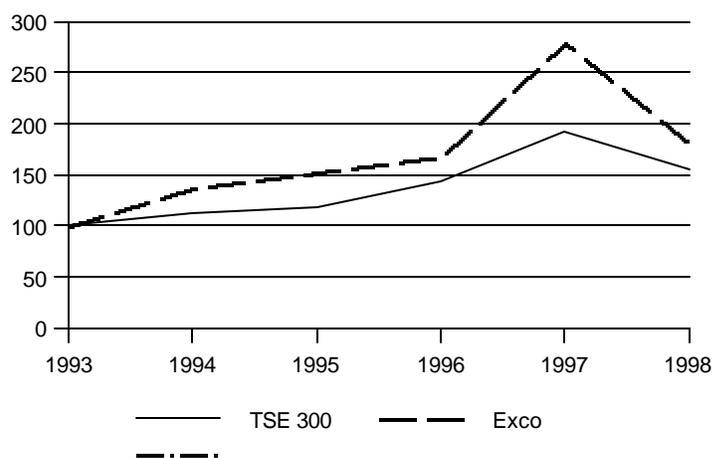

The performance of the Company and continued growth in the value of its shares is dependent on striking a balance between short-term and long-term objectives. The Compensation Committee believes that the remuneration of its key people should mirror these objectives. The Committee believes that the Company's remuneration package consisting of competitive base salaries, annual bonus incentive program and its stock option plan achieves this goal.

Submitted by the Compensation Committee of the Board of Directors.

REMUNERATION OF DIRECTORS

In fiscal 1998, the aggregate compensation received by the members of the board, from the Corporation and its subsidiaries, as directors, was \$69,481.

The directors, other than Brian A. Robbins, hold in the aggregate 141,000 stock options pursuant to the Corporation's Stock Option Plan.

The Corporation has taken out directors' and officers' liability insurance in an amount of \$5,000,000 for annual premiums of approximately \$9,666. The Corporation will pay the first \$10,000 of any claim made under the policy.

CORPORATE GOVERNANCE

The Board of Directors approved the analysis of Corporate Governance outlined below in its meeting on December 4, 1998. Because of the relatively small size of the Corporation's Board (6 members), a separate Corporate Governance Committee was not deemed necessary. In fact, the size of the Board allows it to function with only two Committees, the Audit Committee and Compensation Committee. All Board members, with the exception of the President and Chief Executive Officer and Robert Werner, are members of the Audit and Compensation Committees. The Board considers its size appropriate for effective decision making.

The Corporation's Board of Directors assumes responsibility for stewardship of the Corporation. At regularly scheduled meetings (six in 1998), members of the Board receive and discuss reports prepared by management on the Corporation's overall financial position, each of its operating divisions, its strategic plan and operating risks. In addition, developments and issues of current relevance are reviewed. Although the Corporation does not have a communications policy, the Board regularly reviews formal communication to shareholders and others. Management meets periodically with its larger shareholders.

The Board, from time-to-time, considers succession issues and takes responsibility for appointing senior management and reviewing compensation of senior management. Plant Managers regularly attend informal meetings with the Board frequently held at operating divisions. This practice provides non-executive members of the Board direct access to management and the operations, helping them assess key people and better understand the Corporation's business. In addition, this practice assists the Board in assessing the effectiveness of the President and Chief Executive Officer. The Board of Directors engages outside advisers from time-to-time at the Corporation's expense, particularly for the purpose of advising it on compensation matters.

The Board, directly and through its Audit Committee, assesses the integrity of the Corporation's internal control and management information systems. The Audit Committee has direct access to the Corporation's external auditors and the external auditors have direct access to the Audit Committee.

The Board is constituted with a majority of individuals who qualify as unrelated directors. In addition, the Board does not have a significant shareholder, i.e. a shareholder with the ability to exercise the majority of votes for the election of the Board, and a majority of directors do not have other interests or relationships with the Corporation. The Chairman of the Board is not a member of management.

Any member of the Board can recommend new members for the Board. Provided there is a consensus amongst all Directors, the prospective member will be proposed for election at the next annual meeting of shareholders. With regard to orientation, new Board members receive background information as well as a tour of the operations by the President & Chief Executive Officer.

GENERAL

Information contained herein is given as of December 4, 1998. The management of the Corporation knows of no matter to come before the annual and special meeting of shareholders other than the matters referred to in the notice of meeting. The contents and the sending of this management information circular have been approved by the Board of Directors of the Corporation.

Dated December 18, 1998.
